Introduction to Federal Librarianship: Resources, Opportunities and Networking

Photo: Carol Highsmith

Join the FLICC Education Working Group as they inaugurate the Second Edition of the *Handbook of Federal Librarianship* and identify other resources and professional development opportunities for new and seasoned federal librarians and technicians. This interactive discussion session will feature a host of new resources available in the handbook and offer a variety of networking connections throughout the federal and academic communities. The program will also honor those who have contributed to the first and second editions and ask participants to brainstorm new information sections for this dynamic online resource.
